ClearPath 2.0 Webinar Series
Launching ICLEI USA & ClimateView's Next-Generation Climate Action Platform

Purpose of the Webinar Series

The webinar series introduces the ICLEI - Local Governments for Sustainability USA (ICLEI USA) & ClimateView partnership, aimed at accelerating U.S. subnational governments' climate action.

This will be facilitated by a revamp of ICLEI USA's current platform ClearPath, relaunching as ClearPath 2.0 powered by ClimateView. The webinar will cover aspects such as the rationale for the partnership, a platform demo, and rollout to ICLEI USA members.

Goals of the Series

- Unveil ICLEI USA & ClimateView's joint efforts to a global audience
- Create unity and excitement around this shared mission
- Engage existing ICLEI USA members and spark interest among potential new members to join ICLEI USA for exclusive access to ClearPath 2.0

About ClearPath 2.0 and ClimateView

ClearPath 2.0 powered by ClimateView is the only emissions reduction and climate action planning platform specifically tailored for U.S. subnational governments and ICLEI USA members — made possible through the partnership between ICLEI USA and ClimateView.

ClimateView is a technology company providing transition intelligence to cities and governments worldwide. Non-US based local governments interested in the ICLEI USA partnership or ClimateView's services are welcome to get in touch.

Stay Connected

Attendees can subscribe to ICLEI USA's newsletter to receive the latest information on ClearPath 2.0 and future opportunities.

- **For any US subnational governments** interested in accessing ClearPath 2.0 or ICLEI USA membership benefits, onboarding, and technical guidance, reach out to ICLEI USA's support team:
  - Matthew Katz - matthew.katz@iclei.org

- **For Non-US based local governments** looking to learn more about ClimateView's transition intelligence offerings, reach out to ClimateView:
  - Dorothea Strüber - dorothea@climateview.global
